

ZOOM CAPTIONS & RECORDING

CLASSROOM TOUCH PANEL QUICK START

BEGIN HERE

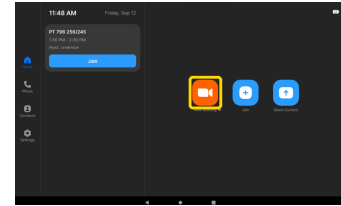

After selecting your presentation device, Zoom opens automatically. Continue with the steps below.

1 Start a new meeting

ZOOM

On the Zoom Home screen, tap New Meeting. The meeting begins immediately.

Tap the controller screen if the controls disappear.

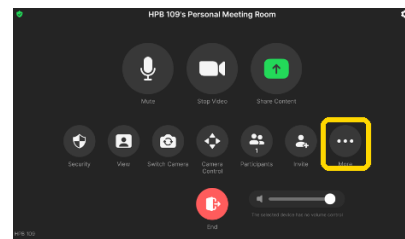

2 Enable closed captions (if applicable)

ZOOM

Tap **Captions**. If it is not visible, tap **More**, then **Captions**.

Enable **Show Captions**, then tap X to close any open menu. The room is preset to English.

3 Enable recording (if applicable)

ZOOM

Tap **More**, then **Record**. If **Record** is visible, tap it directly.

Tap X to close any open menu. Enter the delivery email, then start recording.

When finished: tap **Record** again, then **Stop Recording**.

RECORDING EMAIL

name@su.edu

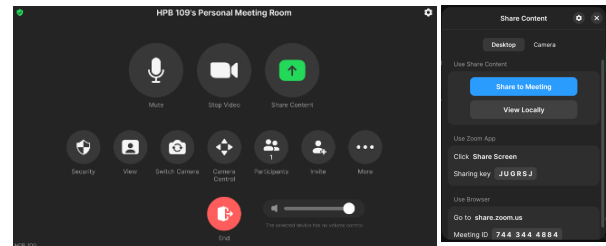

Recording is saved to the cloud.

4 Share the selected device

ZOOM

Tap **Share Content**, then tap **Share to Meeting**.

After sharing begins, tap X to close the Share Content window. The selected device remains shared.

5 Local classes: show content only

ZOOM

For an in-room class only: tap **View**, then enable **Show Content Only**.

Do not use this when remote participants need to appear on the room displays.
