

HPB ZOOM ROOM QUICK START

SIDE 1 · START, JOIN, AND SHARE

Use Zoom for meetings. Open Room Controls/Q-SYS only when you need to choose the room device or content source.

1 WAKE THE ROOM

- 1 Touch the controller.** If the Shenandoah splash screen appears, tap anywhere to begin.
- 2 Return to Home.** Tap Home in the left menu to see scheduled meetings and the New meeting, Join, and Share buttons.

2 START OR JOIN A MEETING

SCHEDULED	NEW MEETING	JOIN
Tap the meeting on the Home screen, then tap Start.	Tap New meeting to begin an instant meeting.	Tap Join, enter the meeting ID, then tap Join.

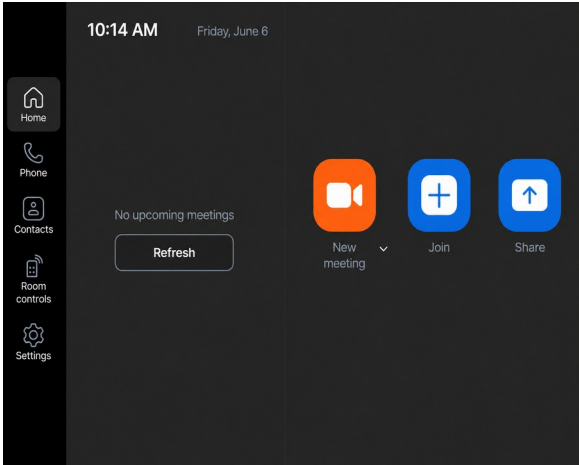

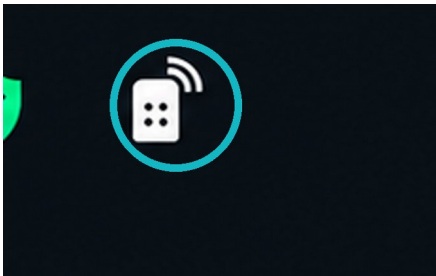

3 SHARE CONTENT

LOCAL SHARE · no Zoom meeting

- 1 Tap Room controls** in the left menu.
- 2 Tap Video** and choose Mac Mini, Apple TV, or Guest USB-C.
- 3 Return to Home**, tap Share, and follow the on-screen sharing prompt.

SHARE DURING A ZOOM MEETING

- 1 Tap the Room Controls symbol** in the upper-left corner of the Zoom meeting screen.
- 2 Tap Video** and choose the source; then close Room Controls with X.
- 3 Tap Share**, then Share to Meeting.

SELECT A ROOM DEVICE OR CONTENT SOURCE • Q-SYS / ROOM CONTROLS

WHEN TO USE THIS
Use Room Controls only to select the room device/source for Zoom or local sharing.

- 1 Open Room controls.** From Home, use the left menu. During a meeting, tap the small Room Controls symbol at upper left.
- 2 Tap Video.** Choose Mac Mini, Apple TV, or Guest USB-C. The blue button is selected.
- 3 Confirm Room is ON.** Then close with X and continue in Zoom.

QUICK CHECKS Wrong content? Re-select the source in Room Controls > Video. • No camera or mic? Check Audio and Video in Zoom. • Finished? Tap End and follow the prompt.
